

CUALA
SECURITY LTD

We are an independently owned company with over 21 year experience in the industry.

Our central station is equipped with the latest technology and conforms to the industry standard.

We can provide monitoring for any site in Ireland.

Our highly skilled and trained controllers are at your service 24-7 365 days a year.

Services provided : Alarm Monitoring with full Garda Response when needed

24/7 Key Holding.

In the event of an alarm we will call out, check your property and if all is ok we will reset your alarm with out disturbing you. If the system requires maintenance the call will be automatically directed to our service department.

CCTV Monitoring.

In the event of an alarm activation we can view live images of your property/site and take the appropriate action. Images are remotly recorded onto our servers. This prevents the possibility of evidence being destroyed, tampered with or removed from site.

Remote Access Control.

You alarm and Access Control System can be linked to our station. This facility lets our controllers disarm you security system, open doors or gates to accept deliveries etc. Lock up when done & rearm the system.

Lone Worker Man Down Solutions.

Accidennt and Panic Alarms for lone worked and in remote locations.

Portable/ Temporary CCTV Solutions.

Off Site back up services.

Complete alarm / call logging

The possibilities for monitoring are endless. If you have other specific needs we can meet them . For more details call our sales team to arragne a site survey. Once we know all your requirements we will compile one single package to suit all your needs. We can budget to suit all with easy monthly ,quarterly or annual payments available to Domestic Commercial or Industrial customers.
